# ST. PETERSBURG INTERNATIONAL ECONOMIC FORUM

**6-8  
JUNE**

MAIN THEME OF THE FORUM

## CREATING A SUSTAINABLE DEVELOPMENT AGENDA

**VLADIMIR PUTIN**  
PRESIDENT  
OF THE RUSSIAN  
FEDERATION

Russia's development, simply by virtue of its size, history, culture, human potential and economic opportunities, cannot take place outside the global context. [...] We are grateful to our guests for their attention and friendly attitude to Russia and their willingness to engage in business cooperation that always rests on pragmatism, understanding of mutual interests and, of course, trust in each other, as well as frankness and clear-cut positions. [...] Today in Russia, we have embarked on implementing strategic long-term programmes, many of which are global in nature. The speed and scale of today's changes in the world are unprecedented in history, and in the coming era, it is important for us to hear each other and pool our efforts to resolve common goals. Russia is ready for these challenges and changes. We invite all of you to take part in this large-scale and equitable cooperation.
