

RUSSIA-AFRICA

ECONOMIC FORUM

SOCHI 2019

23-24 OCTOBER

FORUM SLOGAN

'FOR PEACE, SECURITY, AND DEVELOPMENT'

In recent years, the traditionally friendly ties of partnership between Russia and Africa have gained new momentum, both at a bilateral level and in various multilateral formats. In addition to preserving our past experience of successful cooperation, we have also managed to make significant new steps forward. Trade and investment are growing dynamically, and new joint projects are under way in extractive industries, agriculture, healthcare, and education. Russian companies are ready to offer their scientific and technological developments to their African partners, and share their experience of upgrading energy, transport and communications infrastructures.

PRESIDENT OF THE RUSSIAN FEDERATION
VLADIMIR PUTIN

The African nations and Russia share a common understanding of international relations, based on the principles of respect for the rule of international law, equality, non-interference in the internal affairs of states, and the peaceful resolution of disputes. Both sides affirm their commitment to support multilateral actions to oppose new international threats, be they terrorism and extremism in all their forms, or declining growth rates. The two sides share a firm conviction regarding the importance of developing trade flows and supporting mutual investment in such a way as to ensure security, peace and development for the African and Russian people.

PRESIDENT OF THE ARAB REPUBLIC OF EGYPT
ABDEL FATTAH ALSISI
